**Assignments (100 points)**:

Family Health History Paper (50 points): Students will consult with family members to determine illness and disease that is prevalent in their family history. The paper will include 1 page of their family health history and 1-2 pages focusing on the most common illness or disease discovered in their family. Students are to describe the cause of the illness, the harm it places on the body, how to treat the disease and prevention strategies. (12 point font, 1 inch margins, double spaced)

An incomplete (INC) is assigned when, for reasons beyond their control, students engaged in passing work are unable to complete all class assignments. An INC must be changed to a
completed grade within a time period designated by the instructor, but not to exceed one year from the close of the term in which the course was taken, or graduation, whichever occurs first. If the coursework is not completed within the designated time period, the incomplete will be converted to a grade of F and the grade will be computed in the student’s grade point average.

Students registered for a course may not withdraw merely by stopping attendance at class. A student who does not officially withdraw from a class and stops attending will likely receive a WF, which will be calculated as an F in his/her GPA.

Tentative course outline and subject to change.

**DISRUPTIVE BEHAVIOR POLICIES**
SYLLABUS

Use of laptops, iPods, iPads, cell phones, MP3 players, magazines, newspapers, eating/drinking during class, or any other disruptive behavior is unacceptable. The classroom is a shared space where consideration of others is not negotiable. The first time you are caught using these electronic devices or engaging in any other disruptive behavior, you will be asked to discontinue the behavior. If you are using an electronic devise, you will asked to bring it to the front of the room and allowed to pick it up at the end of class. The second time, you will be asked to leave the class and will receive **NO PARTICIPATION POINTS** for that day. View the SIUC Student Conduct Code at: [http://policies.siuc.edu/policies/conduct.html](http://policies.siuc.edu/policies/conduct.html)

**ACADEMIC HONESTY POLICY**

The mission of the Department of Health Education and Recreation (HER) is to create, discover, and disseminate knowledge through effective teaching, scholarship, and service in the professions of health education and recreation. To pursue this mission, the Department of HER believes in the importance of reinforcing academic honesty. An Academic Honesty Code used by students and faculty promotes an atmosphere of integrity and honesty. Review SIUC statement on academic/honesty/plagiarism online (http://libguides.lib.siu.edu/plagiarism)

The following behaviors are some examples of academic dishonesty:

I. Taking an exam for another student.
II. Forging or altering an official document.
III. Paying someone to write a paper to submit under one's own name.
IV. Copying (with or without another person's knowledge and claiming it as one's own work).
V. Including items on a list of references that were not used.
VI. Doing assignments for someone else.
VII. Obtain a copy of a test before it is given.
VIII. Working with other students on an assignment when not expressly told to do so.

IX. Cheating, which is intentionally using unauthorized material, information, or study aids in any work submitted for credit.
X. Fabrication, which is intentional and unauthorized falsification or invention of any information or citation.
XI. Plagiarism, which is the deliberate use of ideas, words, or statements of another person as one's own without acknowledgment being given.

XII. Facilitation, which is knowingly helping someone else do any of the above.

The following approach will be used in incidents of academic dishonest:

1. An academic "honor board" will consist of five members. The make-up of the board is as follows: the vice-presidents of Eta Sigma Gamma and the Student Recreation Society, one faculty member of the Department of Health Education and Recreation, one Health Education student, and one Recreation student, the latter three to be appointed by the department chair. The function of this board will be to review charges of academic dishonesty, and work with the instructor who has brought the charge to decide upon a sanction or response.

2. The first time a student is found engaging in academic dishonesty, the instructor or faculty member involved in the incident has the option of either handling the issue individually or forwarding it to the honor board. If the incident is handled between the student and the faculty member, the faculty member will provide the department chair with a brief description of the infraction and the resolution. Both the student and the faculty member should sign this. Every effort should be made to review and clarify to the student the reasons why their behavior constitutes academic dishonesty, thus allowing the student to fully understand the ethical basis of the policies, and offer the student the opportunity of integrating these values into his/her own value system.

3. Any student who engages in academic dishonesty twice during his/her academic career will be required to have a hearing with the honor board. This hearing will consist of a review of the incident and an opportunity for the student to respond to the charge. The honor board, in consultation with the instructor, will decide upon the sanction to be imposed. The sanction would be commensurate with the magnitude of the offense.

4. If the student disagrees with the department's decision, he/she may then request a new hearing with the Dean of the College of Education and Human Services, who will, if guilt is determined, decide upon the appropriate sanction. To begin this process, the student should schedule a meeting with the College's Chief Academic Advisor located in Wham 135.

**STUDENT COMPLAINTS**

Support is given to the belief that in most instances complaints and grievances can be minimized if communication is maintained between students and faculty. If the student, after discussing the
complaint with the faculty member or members involved, still wishes redress, the Chair should be consulted.

When a student requests an appointment with the Department Chair to voice an academic complaint about an instructor, the student will be asked to provide details on a Request to See Department Chair form. An appointment will be scheduled when the form is returned. Prior to the appointment, the faculty member involved will provide information to the Department Chair on the Information for Student Meeting with Department Chair form. The Department Chair will maintain a record of the discussion/outcome on the Record of Meeting with Department Chair form. If the Department Chair is unable to resolve the complaint to the mutual satisfaction of those concerned, then the formal grievance procedure will be followed.

**SIUC EMAIL POLICY**

Email is a mechanism for official communication within Southern Illinois University Carbondale. The University has the right to expect that such communications will be received and read in a timely fashion. Students are responsible for checking their University email account of a frequent and consistent basis to stay current with University-related communications. Students have the responsibility to recognize that certain communications may be time-critical. "I didn't check my email", error in forwarding mail, or email returned to the University with "Mailbox Full" messages are not acceptable excuses for missing official University communications via email.

Users should exercise extreme caution in using email to communicate confidential or sensitive matters, and should not assume that email is private and confidential. It is especially important that users are careful to send messages only to intended recipient(s). Particular care should be taken when using the "reply" command during email correspondence.

WITHDRAWAL POLICY – Undergraduate only
Students who officially register for a session may not withdraw merely by the stopping of attendance. An official withdrawal form must be initiated by the student and processed by the University. For the proper procedures to follow when dropping courses and when withdrawing from the University, please visit http://registrar.siu.edu/cat/cus/undergraduatecatalog.html

INCOMPLETE POLICY – Undergraduate only
An Incomplete is assigned when, for reasons beyond their control, students engaged in passing work are unable to complete all class assignments. An Incomplete must be changed to a completed grade within one semester following the term in which the course was taken, or graduation, whichever occurs first. Should the student fail to complete the course within the time period designated, that is, by no later than the end of the semester following the term in which the course was taken, or graduation, whichever occurs first, the incomplete will be converted to a grade of ‘F’ and the grade will be computed in the student’s grade point average. For more information please visit: http://registrar.siu.edu/grades/incomplete.html

REPEAT POLICY
An undergraduate student may, for the purpose of raising a grade, enroll in a course for credit no more than two times (two total enrollments) unless otherwise noted in the course description. For students receiving a letter grade of A, B, C, or F, the course repetition must occur at Southern Illinois University Carbondale. Only the most recent (last) grade will be calculated in the overall GPA and count toward hours earned. See full policy at http://registrar.siu.edu/cat/cus/undergraduatecatalog.html
