Youth Substance Use Counselor (TREE)
Carterville, Illinois

At Centerstone, our mission is delivering care that changes people’s lives. For over 60 years, Centerstone has been providing community-based behavioral health care, substance-abuse treatment, intellectual, and developmental disabilities services in Florida, Illinois, Indiana, Kentucky and Tennessee. We are committed to bringing passionate and customer experience-focused individuals to help us continue to provide the best care to our communities. If you think you are a good match to join our organization, please review the career opportunity below and submit your application. We look forward to hearing from you!

Job Description:
Provides group and individual counseling, community support, case management; serve as advocate to clients; provide information, education & support; promote wellness, recovery & skill building to sustain better health; provide training to manage stress/problems and make healthy lifestyle choices; recognize & respond to relapse, manage crisis & achieve and sustain recovery. Assists clients with personal recovery goals, helps clients develop natural support systems, and coaches clients to advocate for themselves within their healthcare systems. Implements evidence-informed substance use interventions. A TREE Counselor works both autonomously and under the direction of assigned supervisory staff when performing job tasks/providing services. As part of Centerstone’s team-oriented philosophy, a TREE Counselor is expected to actively participate in variety of cross-functional teams and performance improvement initiatives.

Requirements: Position Requires a Master’s Degree in Social Work, Psychology or other human service related field. Experience providing counseling and mental health/substance use services with adolescents and young adults preferred. Masters Level SAS staff must have certification or licensure within the required time-frame mandated by SUPR Staff Qualifications (or within 2 years of hire, whichever comes first). Position also requires the ability to utilize necessary computer hardware and software including a working knowledge of personal computers, Microsoft Windows and the Microsoft Office suite. Must have valid driver’s license in applicable programs. Providers utilizing electronic health records and/or other automated/electronic documentation systems are required to have computer and keyboarding experience and skills or the ability to develop such skills within required timeframes in order to meet the level of proficiency set by the agency. Direct Service Providers utilizing electronic/automated documentation systems will be required to undergo a computer and keyboarding assessment test to determine proficiency. A Master’s level TREE Counselor must meet Qualified Mental Health Professional status in relevant programs. All employees in the TREE Counselor position must successfully complete required background checks and pre-employment screening.

Additional questions can be directed to Cristina.Waddell@centerstone.org. Application deadline is 1/3/2020*. Late applications may be considered based on pool of candidates. Position open until filled.
